3[A] – From Factories to Farms  Lesson6 G2 Chobun TypeB 10.3(3A)A2E

1. As the world's economy changes, new industrial cities develop.
2. One result is that many older industrial cities find themselves losing the
3. factories and jobs that made them wealthy.
4. A good example of this is Detroit, in the United States.
5. Detroit's modern history began at the end of the 19th century, when a man
6. named Ransom Olds built a car factory there.
7. The cars produced by Olds were popular, and soon other car manufacturers
8. opened factories in the city.
9. (26), the population began to increase. By 1950, Detroit was the
10. fourth-largest city in America.

*Choose the correct answer to fill in the blank from these choices.

11. (26) 1 Naturally 2 Rather 3 Nevertheless 4 Unfortunately
