

## Part VII: Reading Comprehension

In Part VII you will read passages in the form of letters, ads, memos, faxes, schedules, etc. The reading section has a number of single passages and 4 double passages. You will be asked 2-4 questions about each single passage, and 5 questions for each double passage. Sometimes you will be asked for specific details. Other times you will be asked about what the passage implies. In the paired passages you will also be asked to make connections between the two related texts. On the real test you will not have time to read every word. You need to practice scanning and reading quickly for details.

Instead of competing, the two airlines will work together to provide more frequent flights throughout their service areas.
