## Role Play

Read the following conversation with correct pronunciation and diction.

Isaac	I have a small family. They are my parents, my younger brother and me.
Natasha	I thought you were the only child in the family. Didn't China practice the one-child policy in the early 1980s ?
Isaac	Yes, it did. But my parents are ethnic minority people. It's a preferential policy for an ethnic minority family to have two children.
Natasha	Interesting. What do you think about families with only one child ?
Isaac	The child must feel very lonely. My younger brother is 10 years younger than me. Before he was born, I used to be the only child and always dreamed that I would have a younger sister or brother one day.
Natasha	<b>Do you get along well with each other ?</b>
Isaac	Yes, we are very close. He is 12 years old now and very smart. He always makes us laugh a lot.
