G2 Reading & Speaking Practice Lesson #44

Story

Nowadays, farm animals **raised** for food **are** often **kept** in small spaces. This way of farming helps keep farmers' costs low. However, it **increases stress** on the animals. To reduce this stress, an environment for animals to **move around** is important. Now, some

happier lives and they can sell them for more.

7) Do you think that people who keep animals should make sure to take care of them?

I think it is best if they do. However, many animals that are kept as pets live much better lives than they would in the wild anyway.

This document is for use in eTOC training sessions, use outside of eTOC is strictly prohibited.

8) Why is it important to consider where our food comes from?

Because if we don't pay attention to where our food comes from, we might be unknowingly participating in cruelty or environmental destruction.
