peaceful.

6) Why is weather changing around the world?

Because of global warming, the storms are becoming much more powerful than they were before.

This document is for use in eTOC training sessions, use outside of eTOC is strictly prohibited.

7) Why are storms damaging farms a big problem?

They can destroy the crops that are grown on the farm and therefore reduce the amount of food that is available the next year.

8) Why is it important to have accurate weather forecasts?

Because there are many activities that cannot be
