

## GP2 Reading & Speaking Practice Lesson #29

### Story

These days, some schools in Japan are using robot **kits** in their classes. These kits have all the **necessary** parts that **schoolchildren** need to build their own robots. Robot kits offer a fun way to learn about technology, and so they help young people to

Your teacher can send you the complete material.

Please ask them to send the complete version of this material before the lesson.

1) What are some schools using in their classes?

*They are using robot kits in their classes.*

2) What do the robot kits have?

*They have all the necessary parts that schoolchildren need to build their own robots.*

3) What do the robot kits help children do?

*They help children become interested in science.*

This document is for use in eTOC training sessions, use outside of eTOC is strictly prohibited.

4) How do robot kits help children become interested in science?

*By offering a fun way to learn about technology.*

5) Have you used a robot kit?

*Yes, I have. I used one in class to make a robot.*

*No, I haven't. But I would like to try using one.*

6) What kind of things can you learn from making a
