Questions 5–8 refer to the following article.

A new study has shown that the popularity of electric bicycles, or e-bikes, is growing rapidly in urban areas. These bicycles are equipped with rechargeable batteries that assist riders when pedaling, making it easier to travel long distances or climb hills. Many city residents say that e-bikes are a convenient alternative to cars, especially for short commutes. Another factor behind their rise in popularity is that e-bikes are generally cheaper to operate and maintain than automobiles, which require fuel and costly repairs. As a result, sales of e-bikes have nearly doubled in the past two years, and the trend is expected to _____.

5. (A) stop
- (B) refuse
- (C) continue
- (D) complete

Local governments have also taken notice of this change. Several cities have built special bike lanes and charging stations to encourage the use of e-bikes. Officials believe that if more commuters switch to this form of transportation, it will reduce traffic congestion and lower pollution. However, some safety experts warn that more regulations may be necessary to ensure that riders _____ the same rules as other vehicles on the road.

6. (A) followed

while also protecting the _____.

7. (A) environment
- (B) expense
- (C) schedule
- (D) neighborhood

With rising fuel prices and increased public awareness of environmental issues, it is likely that e-bikes will play an even larger role in the years to _____.

8. (A) come
- (B) gone

(C) past
(D) late

Questions 9–12 refer to the following email.

Subject: Office Renovation Update

Dear Staff,

I am writing to inform you about the upcoming renovation of our main office. Construction will begin on November 3 and is expected to last approximately four weeks. During this period, certain sections of the building will be closed, and employees may be temporarily relocated to other work areas. Please be assured that every effort is being made to minimize disruption so that daily
